MISS LOUISE WILL RAISE HAWAIIAN FLAG AT FAIR

Local Building to Have Immediate Attention

The majority of the principal countries of the world, as well as many states and territories of the Union, already have broken the ground for their buildings at the Panama-Pacific International Exposition at San Francisco in 1915, and now Hawaii is to have its turn. And to see that the occasion be made a memorable one and that it be attended with proper deremenies, John A. Hughes and John Elfinger of the Hawaii fair commission are going to San Francisco. Mr. Effinger, in company with his daughter, Miss Louise Effinger, will leave Hono-lulu June 23. Mr. Hughes will depart June 26 and, aside from assisting in

## MAKING PLEA

New Witnesses Said to Throw New Light on Evidence on Which He Was Convicted

Frank Whaley, who was convicted of the murder of his wife, a tragedy that occurred in the "trouble room" of the Mutual Telephone building more than a year ago, has his name up for pardon by Governor Pinkham.

The chief executive stated this morning that he understood the petition for pardon was now with the attorney-general. So far the governor has not had time to go into the details of the case or the grounds upon which the pardon is asked.

Whaley denied strongly at his trial that he had killed the woman, and asserted that her death was at her own hands, accidental, and occurred during a struggle with her. The jury found him guilty and he was sentenced to a term of years. Attorney A. D. Larnach, who with Attorney Alexander Lindsay, Jr., defended the man, now represents him on his appeal for pardon. It is stated in this appeal that two witnesses not found at the trial have been discovered, whose testimony shows the innocence of the condemned man.
